

TERRE di CANOSSA

International Classic Car Challenge 

PROGRAMME 2024

TERRE DI CANOSSA

The extraordinary journey through the “Terre di Canossa” along the millennial roads of the Great Countess Matilda, Queen of Italy in the 11th century, is about to begin its captivating race once again.

The marvellous town of **Forte dei Marmi**, a wonderful pearl of Versilia, will provide the backdrop for the 2024 edition. The famous Tuscan city is the endpoint of the Marble Route, built at the behest of Michelangelo Buonarroti to transport marble from the Apuan Alps. Its beauty and location make it an ideal starting point for Terre di Canossa. For the occasion, the crews will stay at the 5-star Augustus Hotel & Resort. Nestled in a spectacular landscape between the coastline and dense pine forests enclosed by the Apuan Alps, the luxury resort is the perfect combination of elegance and glamour.

The driving experience will take the crews through a unique route of about **600 km**, featuring enchanting Italian landscapes, pristine mountain passes, and historic villages. Terre di Canossa is a regularity super-touring competition **dedicated to vintage cars up to 1990 and modern supercars from 1991**, with thrilling timed trials, average speed tests, and new challenges that will test the skills of the participating crews.

The three stages will be dedicated to discovering the **Tuscan hinterland**, the iconic **Tyrrhenian coast**, and above all, the historic and emblematic **Italian art cities** such as Lucca and Pisa.

Terre di Canossa is an opportunity to experience unforgettable moments amid splendid cars, a spirit of competition, and high-level tourism. It is a meeting place for **gentlemen drivers** and **gourmet enthusiasts**, featuring exclusive evenings in unique and exciting locations, as well as gastronomic journeys exploring traditional recipes and the creativity of the **best local chefs**.

Get ready to embark on an extraordinary journey and discover the true essence of the Beautiful Country, amidst unique vintage cars and timeless emotions.
